

# Modern

Modern interior design was created by a group of European designers that created the Bauhaus school of Design in Germany 1919. It marks elegant lines (a blend of curved and sharp) and chic minimalism. Designs frequent the use of moulded plastics, smooth metals, natural timbers and glass. When paired with the right use of colour and scale it brings a sense of calmness and simplicity.

## TOP TIP

Search for that perfect artwork- oversized and bold.

## TRAITS
